

## Congratulations!

**Dear Sarah Redfern Public School Preschool,**

We're so pleased to inform you that your centre has been recognised in this year's inaugural KindiCare Excellence Awards.

Excellence in early childhood education and care is so important to our childrens' development and growth, and those centres that truly excel in the early learning services they provide should be celebrated!

The KindiCare Excellence Award recognises your centre as one of less than 10% of early childhood education and care centres that have received a 9.0 or higher KindiCare Rating.

Your KindiCare Rating is based on both community feedback from families using your service as well as your centre's performance under the National Quality Framework from ACECQA.

Congratulations, and here's to another great year of your centre and its educators delivering excellent early learning services to the community.

Best Regards

**Benjamin Balk**  
Founder and CEO
